

The perfect solution for storing, organizing and protecting your tools, small parts & accessories

BOLT BIN FEATURES

- Attractive and corrosion-free lightweight .125 aluminum construction
- Weld-free design improves surfaces, edges, and finishes
- Pull style handles for easy access
- Effortlessly remove drawers as needed
- A removable door enclosure with a carabiner holds doors closed and prevents the drawers from shifting
- You can easily find compatible paddle locks to replace the carabiner
- A telescopic top shelf with dividers helps to maximize storage space and secure the bolt bin
- Each bin drawer includes removable aluminum dividers to help organize small parts
- Two-week lead time on standard and custom drawer packs

BOLT BIN SPECS

- .125" Aluminum Construction
